Introduction

**Career Experience Opportunities (CEO)** are an integral part of the Secondary School Reform (SSR) Plan. The SSR is a roadmap for substantively altering the educational experience of all senior high school students in Miami-Dade County Public Schools (M-DCPS) to assure that future graduates have the skills that they will need to effectively compete in the new global workplace. CEO serves as an opportunity to engage business and community leaders to expand learning through partnerships that connect to the students’ course of study. Juniors and seniors enrolled in Career Academy programs with an organized sequence of classes and instructional activities aligned to an industry are eligible to participate in an internship experience.
